

Booking Extended Provision

There are two ways to book extended sessions here at the nursery.

- If you require the same days and times each week your provision is booked for you per half term and a invoice generated each half term. This is a secure booking and ensures your provision is always available for you. It will continue each half term unless you notify us otherwise. You pay for this provision in full within the **first two weeks** of receiving the invoice.
- If you only require odd extended provision sessions or a top up to your usual booking you can call into the extended provision office to check availability and book the session you require. **Payment is required on booking.**

All payments can be made by cash or cheque or if your company is registered we can accept childcare vouchers or via a direct bank transfer.

Cheques are made payable to; Weston Way Nursery School.

We are unable to take card payments at this time.
